# From the Watchman's Corner! Fall Intelligence Report - 2001

We who *know* that McVeigh's execution was a cover-up for high-ranking crime have expressed bitterness, shock, and anger.

Admittedly, he was guilty of this horrendous crime and according to Scripture deserved to be put to death. But to cover-up crimes committed by the *untouchables*, for their own nefarious reasons, is a far greater crime against humanity than that committed by this troubled man, who was executed speedily to close his mouth forever.

As Americans concerned with the welfare and safety of our nation, and people, we *must never, never* let this matter rest, until the guilty parties are brought to justice, as the crimes committed at *Waco* and *Ruby Ridge*, were also cover-ups to protect those high in government and International government, who are essentially part of this world conspiracy.

Lawsuits are now pending and Terry Nichols is still alive and capable of telling the truth in court, if he has not been intimidated by McVeigh's death.

McVeigh's profession of guilt and his almost inhuman references to the deaths caused by his crime are indicative of a sick mind, very possibly made so through CIA brain inserts, which turned him into an obedient human robot, ala the Manchurian Candidate. We know they have this ability, and they have shown their lack of morality on many occasions.

The execution of McVeigh will cause this nation to enter into a period of unprecedented lawlessness. We know from scientific facts available, that McVeigh, the hired assassin could not have destroyed the Murrah Building with a fertilizer bomb as alleged, and there is ample evidence that several sophisticated, high intensity bombs were used to destroy the building. Several unexploded bombs were found in the building after the initial explosion, and military explosive experts like Brig. General Ben Partin (Ret.) have carefully explained how a truck bomb could not have done this damage. Evidence points to the fact that the

# Fall Intelligence Report - 2001

Government had prior knowledge of the explosion, and had warned its people (the BATF and the FBI) not to work on that day.

All evidence pointing to a conspiracy in the Murrah case has been carefully thrown out of all investigations by what can only be *bought off* or *intimidated* judges.

I believe that FBI records were finally revealed at the last minute because they knew McVeigh's execution would be carried out and were afraid of detrimental evidence that might show up later. So McVeigh's execution was railroaded through Soviet style. While most executions are delayed for months and even years, his was pushed through by men such as our *born again* Attorney General, who falsely stated that all the evidence was in, when the surface has not even been scratched.

Any official investigation made, must be done on a private basis, as the government cannot be trusted to reveal the truth, as was the case with the government investigation into the Waco, Texas incident, in which they were obviously given a false *bill of health*.

The FBI has vital information on the bombing, which has never been revealed. Twenty-three videos tapes by surveillance cameras from adjacent buildings and the Murrah building itself, have never been entered and Defense Attorneys now have them, alone with evidence from tens of thousands of pages of documents, were pulped or shredded.

A very important lawsuit, David Hoffman vs. the Department of Justice is now before the Federal Court of Western Oklahoma.

Now to aid in the apparent cover-up, our *born again Christian* Attorney General John Ashcroft, appears to have been *bought and sold* in payoff by the conspiracy.

Ask yourself how Ashcroft knew that none of the 4,000 pages of data, plus videotapes and cassettes had any bearing on the McVeigh case? Yet he refused an extension for McVeigh, as did two of the lower courts.

The FBI even issued a *gag order* to keep their agents familiar with the secret material, from discussing it. On May 29, according to Irvine Reed, on "60 Minutes", they aired a second segment featuring four ex-FBI agents, three of whom had been forced out of the Bureau, because of their refusal to lie, and one who had retired to preserve his life.

When Rick Ojeda, who had won a commendation from the FBI head Louis Freed for work on the Oklahoma City case, was asked by Dan Rather for information, Ojeda said, "A gag order prevents me from discussing that!"

No folks, something is rotten and it isn't in Denmark, but right here in the United States in Oklahoma City, as strenuous efforts are being made to suppress the truth.

# Fall Intelligence Report - 2001

Why has the fact that a human leg was found in the bombed out building, encased in a military boot, with military uniform nearby, while no body has ever been found, hushed up?

This issue *must* never be allowed to rest until the truth is known, remembering the words of Thomas Jefferson: "Resistance to tyranny is obedience to God," and knowing that *Eternal vigilance is the price we must pay for freedom.*

Is there any wonder the conspirators want our guns, so we will be helpless to resist their tyranny?

## One State - One Country - One King!

Traditional Christians no longer have a national government, which exclusively supports Christianity, as it did in the beginning. At one time this was our proud heritage. (The Jews still have it in their Palestinian mini-State.)

They have a home they can go to in Palestine that they call their own, although most of them prefer the Welfare State of the Promised Land of America. They still have a means of escape. How nice for the Jews!

For Christians it is tough luck, as we have allowed the anti-Christ's and aliens to take over control of our own land, a land given to us by God Himself. Christians, you no longer have a national home you can call your own, for you are living under ZOG control (Zionist Occupied Government). It has been handed to them on a platter, as Christians, in disobedience to God, have allowed anti-Christ's to control us. Today we see the prophecy of Deuteronomy 28:43, 44 in operation: "The stranger that is within thee shall get up above thee very high; and thou shalt come down very low. He shall lend to thee, and thou shalt not lend to him; he shall be the head, and thou shalt be the tail." Surely as an intelligent person, you can see that this has happened.

God told His Israel people, who were, and still are White: "If you allow aliens to come onto your land, they will become 'thorns in your sides, and pricks in your eyes', as they lead Israel into sin."

Benjamin Franklin, our senior statesman tried to warn the Continental Congress about this, stating: "If you allow them to come in, within 200 years they will control you." They would not listen and now his prophecy has become fact!

Today, Christians have no other refuge, than to turn to God, as this problem cannot be cleared up by political action.

# Fall Intelligence Report - 2001

Fundamentalist Christians have spent countless millions of dollars supporting the Jewish radicals and aliens who want to take over control of Southwest America. They have already outlined plans for political control of California, New Mexico, Arizona, Nevada and Texas, mostly land that once belonged to old Mexico, and want to include it in a new political state called Azatlan (Land of the Aztecs).

While this insidious effort has been underway for several years, the entire country has become overrun by illegal immigrants, who have been given a *bastardized form of citizenship*, and are told to vote for the Democratic Party.

We have just witnessed an attempted revolutionary takeover of the Presidency in Florida, which came close to succeeding and now radicals like Jim Jeffords are turning Congress *upside down*. God alone knows what lies ahead for this country and true Christians. (By true Christians I am referring, not to church members, but those who claim Christ and show it by the lives they live. "For by their fruits shall ye know them.") No matter who heads the 2004 political ticket, it will be a horrible choice, with Hillary Clinton looming frighteningly in the background.

CRIMINAL POLITICS, publisher, Lawrence Patterson, P.O. Box 37812, Cincinnati, OH 34522, is offering a plan called the Home State Plan, which would be worth looking into. It is discussed in the May 31, 2001 edition of Criminal Politics.

Personally, I do not believe political action is the answer. It's time for some solid action on the part of those of us who call ourselves Christian, and this action *must* begin with a heartfelt turning back to God, and *obedience* to Him. No plan for the recovery of America will work until we understand this. Our only *Formula for Survival* rests in obedience to the principles of 2 Chronicles 7:14. It will work as God has promised it will, but we must give it more than the mere lip service it is now receiving from most Christians. The answer lies in that *obedience to God must come before we can expect victory!* Don't expect some *magical political formula* to work, for it won't!

The Supreme Court has told our children that they cannot pray at football games. (They might upset some, Jews who hears the name of Jesus Christ mentioned.) So the ACLU (Jew controlled sues to ban "In God we Trust."), a Federal judge (Jewish no doubt), sends *prayer police* into a public school to spy on what he calls illegal prayer. City officials tell Christians using public facilities, "If you pray, you can't stay!"

Friends let's face the shocking reality of anti-Christian bigotry in America, and there is no way you can *sugar coat* it. The unfortunate thing is that few Christians seem to be concerned with what is taking place. There are very few protests coming from prominent Christian leaders and many who do protest, show their *double mindedness* by supporting the enemy who is causing the bigotry.

# Fall Intelligence Report - 2001

Thanks to recent Supreme Court rulings and a host of lawsuits by anti-Christ's in the ACLU, the state of affairs in America concerning religious freedom is growing worse and becoming intolerable. How long will it be, before true Christians will be forced underground in order to worship God? This is the ultimate plan of the enemy, who has boasted that they will "destroy White Christian civilization." Dr. Benjamin Freedman, a converted Jew, in his book "Facts are Facts", says: "The Christian faith stands at the crossroads of its destiny. The Divine and Sacred mission of the Christian faith is in jeopardy today to a degree never witnessed before in its 2,000-year history.

"If the day ever comes, when Christians can no longer profess their faith, as they profess it now in the Free World, then we will see the beginning of the last days."

In 1934, a Jewish writer of note, Samuel Levy, in his book "Jews Must Live!" stated: "Their (Jews) disease is a sort of moral gonorrhoea known as Judaism and seems alas to be incurable. The results, as any good doctor will tell you, are invariably treacherous and unhealthy. If you are in doubt, take a look at any Jew-ridden country in Europe. If you need any further convincing, look at what is happening in America.

"It is my belief that nothing the Jew does in America is essential to its welfare. On the contrary, a great deal of what the American Jew does is subversive to America's best interests." (Remember this analysis is coming from a Jewish source.)

The ACLU is now using its cohorts in the legal system to strip away every vestige of Christian religious expression. They are pushing their announced agenda of *destroying White Christian civilization*.

It appears that *open season* has been declared in American courts, against *true Christianity*.

## The Sekulow Report

A high-stake drama is being played out in this nation today, as the ramifications of several United States Supreme Court rulings take effect.

These High Court rulings have disappointed and angered me, but in the end, they caused me to have a renewed determination to defend our faith, our race, our families, our country and the rights of the unborn.

That's why, from the Alabama State *Prayer Police* to the Kansas *In God we trust!* Controversy, the American Center for Law and Justice, is fighting for Christian rights.

# Fall Intelligence Report - 2001

Please read carefully the following analysis of how the Supreme Court rulings are infecting our society, and where we must go from here. I trust you will then be motivated to contact the American Center for Law and Justice, P.O. Box 64429, Virginia Beach, VA 23467, Jay Sekulow, Secretary, and become involved.

## The Best Case We Ever Lost!

The following is a report in part from Jay Sekulow:

"As I listened to the Supreme Court ruling and listened as Justice John Stevens delivered the majority decision, I knew the legal ramifications would be troubling. The Court had just banned student-led prayers at football games and had further distorted and confused the issue of protested religious speech in the public schools. Tragically, the ruling blurred the distinction between *general speech* and *private student speech*, while censoring the *free speech rights* of students across America.

"The case served as a *wake up* call for many Christians, and in its aftermath there has been a revival of student led, voluntary prayers in America.

"I believe our defeat could be the best case we have ever lost, for God could well use it to rally Christians to stand for the *faith* and *freedom* of this nation.

"Incredibly five members of the Supreme Court believe that prayers led by a student in High School amount to a Constitutional crises.

"The hostility of the Court hung thick in the air. Everyone could feel it. Sadly, hostility towards Christianity has become the prevalent legal sentiment in America today. You can see it by reading local letters to the Editor.

"The words of Chief Justice William Rehnquist's dissent made it clear that he also knew what was happening. I quote: 'Even more disturbing than it's holding, is the tone of the Court's opinion. It bristles with hostility to all things religious. Neither the holding or the opinion is faithful to the Establishment Clause, when it is recalled that George Washington himself, at the request of the very Congress which passed the Bill of Rights, proclaimed a Day of Public Prayer and Thanksgiving, to be observed by acknowledging with grateful hearts the many signal favors of Almighty God.'

"The Chief Justice perfectly described the battle Christians have been facing, in our courtrooms, schools, public parks, work places, neighborhoods and even in some churches.

# Fall Intelligence Report - 2001

"Cases are multiple like that of the 12-year-old girl who was told by school officials that she could not bring a one-inch cross to school.

"Now due to actions by concerned Christians such as the *American Center for Law and Justice*, students can organize Bible Clubs, share their faith, distribute Gospel tracts, bring their Bibles to school and wear Christian T-shirts and jewelry, while spontaneous Christian prayers are now Constitutionally protected.

"But we must not rest on these laurels, as the ACLU has drawn a battle line, and its attorneys are working diligently to destroy our hard won victory.

"The most visible battle line in this conflict was drawn. It was in the Chandler vs. Siegham prayer police case, filed by the ACLU, where a Federal Judge, stifled student prayer by imposing monitors (prayer police) in a DeKalb, Alabama school classroom.

"This case has come up twice before the Federal Courts and been defeated both times. But the minions of Satan never sleep and 'Eternal vigilance is the price we must still pay for our freedom.'

"Nine days following this victory at appellate level, the Supreme Court came up with the shocking decision in *Sternberg vs. Nebraska*, where the court took the position that states cannot bar *partial-birth abortions*, a procedure more accurately described as *infanticide*.

"Thank God, there was very strong dissent in this ruling and Justice Clarence Thomas led a strong dissent and repeatedly rejected '*infanticide*, as an abominable practice.' It is expected that *pro-abortion* leaders will file in each of the 30 states involved that have laws similar to those of Nebraska.

"It is established fact, that the United States Supreme Court is *pro-abortion* and can be counted on to actively promote abortion at every level, and continue to attempt to silence Christians who speak out against it.

"By narrow margin of 5-4, the court upheld the right of the Boy Scouts to set their own moral and administrative criteria, stating that they could not be forced into accepting homosexuals into leadership positions.

"Three or four of these justices will retire soon, resulting in a completely reconstituted Supreme Court. Let us pray that our *born again* President George Bush, Jr. will appoint men and women to this court who will interpret the Constitution, and not try and rewrite it.

"The worst thing that could happen at this point would be for God's people to become disheartened or apathetic and give up the fight. We have nothing to fear if we are

# Fall Intelligence Report - 2001

Obedient to God's will. 2 Timothy 1:7 – 'For God has not given us the spirit of *fear*, but of *power*, and of *love*, and of a *sound mind*.' Therefore keep *looking up!* (Luke 21:28)

"One thing is certain; we *must* not stop fighting this good fight of *faith*. In fact we need to double our efforts to overcome this Satanic Juggernaut, for we now have them on the run!"

## The United Nations is Not What it Seems!

(Most of this information was taken from the "COVENANT WATCH" – April-June 2001 P.O. Box V192, Mount Druitt Village, NSW 2770, Australia. I have taken some editorial license with it, with apologies to its Publisher Frank Dowsett.)

My good friend and fellow laborer in the Kings vineyard, Frank Dowsett of Australia, hits the nail squarely on its head when he says, "The U.N. is not what it seems."

At the U.N. Conference in New York, in September 2000, we listen as it declares its intention of bringing peace to the world through World Government under the U.N. (This would actually mean world slavery under Zionist control.)

Unknown to our Israelite people everywhere, is the fact that already numerous illegal commitments have been made to the U.N. as the people of Christendom in particular are prepared for subjugation.

The effect of these treaties is to transfer government from sovereign nations into the hands of the United Nations and the Zionist One World Government.

Do you ever remember voting to be governed by the U.N.? I most certainly don't! Yet the Prime Minister of Australia, Howard John Howard, openly stated –"Nobody has an option to say. I won't take globalization because there isn't anything else."

In 1983, for instance, with no national vote, the Australian Government agreed to a U.N. Convention for "complete and general disarmament". This was hidden in a U.N. treaty for the "*Elimination of all forms of discrimination against women*." It was a means of sneaking in a way to reduce national protection and the efficiency of National Government.

The main stream in all of Christendom has remained relatively silent and has collaborated with National Governments, to keep U.N. plans from the Israelite people.

# Fall Intelligence Report - 2001

Would the U.N. use violence to force implementation of the loss of sovereignty? Kofi Anan, the U.N. General Secretary, told a U.N. meeting that "world government can intervene militarily in the internal affairs of any nation, when so approved by the U.N." (Reported in "The Spotlight Magazine", 18 October 1999.)

In his address to the U.N. General Convention on 9/20/99, Anan said that the U.N. has the authority to ignore national boundaries in U.N. military missions and violate National sovereignty if it gets in the way of what the U.N. gangsters want.

No, my friends, your eyes are not *playing you tricks*. These U.N. crooks want complete world control, and they care less about who suffers as long as they gain it.

There have been numerous TV reports of U.N. violations of National boundaries, and of the atrocities that followed, admittedly against small countries that could not defend themselves or retaliate. They have never tried sanctions against countries such as Israel, Russia, Red China, North Korea, or the U.S. and have even left strong military countries such as Iran and Pakistan pretty much alone. Before they can take us over, they must first disarm us, and this is why this one of their most important efforts and is on their permanent agenda.

"The Age", November 6, 1997 reported that U.N. atrocities in the Belgian Congo had topped 600,000, with U.N. forces firing indiscriminatingly against hospitals, houses, and civilians.

TV Channel 9, on April 11, 1999, reported that U.N. troops were engaged in genocide in Sebrenitzen during the Bosnian war in 1996, and backed it with TV pictures. On a 60 Minutes Reports program on July 11, 1999, they reported that ethnic cleansing was about to begin in Rwanda, South Africa. The U.N. which is supposed to be a peace keeping force did nothing to stop it, and over a million people died, as they were hacked to death.

The majority of the nations making up the U.N. are military dictatorships, whose leaders took over by force. ("Heritage Magazine", No. 89, Nov., 1999)

The U.N. is dominated by Eastern Bloc nations with totalitarian governments, which suppress human rights. They comprise 2/3rds of the U.N. and consistently vote against the rights of the White nations of Christendom.

Every Black Republic in Africa is far worse off today in every respect, under Black leadership, than they once were under the sometimes-harsh control of White colonialism. Then they were fed, housed, received medical treatment, and were relatively safe, now

# Fall Intelligence Report - 2001

the continent is in a shambles, with no relief in sight, as the U.N. interferes constantly without doing anything to help.

Secretary Anan has the most powerful position in the U.N. and is responsible for the U.N.'s military and police activities. He supervises the *peacekeeping and disarmament* of member nations.

Notice that while Australia and Canada have been almost completely disarmed, nothing has been done to disarm Communist China, North Korea, Russia, Israel, India, Pakistan, and Indonesia, although they have nuclear weapons, and the teeming hordes of Indonesia have become a real menace to Australia.

From 1946 to the present, every undersecretary of the United Nations has been a Communist with one exception. This was arranged by the U.S. traitor Alger Hiss.

Russian intellectual dissenter Alexander Solzenytsyn, in an address to BBC, April 3, 1976, said that Communism had already murdered over 110 million people, with the U.N. doing very little to stop them.

The five permanent members of the U.N. Security Council, including the United States, account for 2/3rds of all the military sales being made to poverty stricken Third World nations, many times on loans from the International Monetary Fund, backed by your tax dollars and promoted by the International Jewish Bankers.

The U.N. has become a total failure as far as keeping peace is concerned, and have become noted for their elaborate six course dinner banquets, with the most expensive wine, while their members ride around in luxury in the world's most expensive automobiles, and their people languish in almost unbelievable poverty.

(The UPDATE, May 2000) estimates that at least \$600 million a year is wasted by these bureaucrats in corruption and mismanagement while millions die from starvation or are killed off by brushfire wars which the U.N. was supposed to stop.

Despite the U.N. Convention on Human Rights, it has been conservatively estimated there are 250 million child slaves in the world, which the U.N. constantly ignores, while torture is carried out on a regular basis by such advanced countries as Red China, and the Israelis.

The time has come when White Christian Israelites in particular *must* recognize the United Nations as being completely anti-Christian and anti-American. The time has come when we need to cut off all aid to this greedy monster, and renew the old slogan – "*Get us out of the U.N. and the U.N. out of the U.S.!*"

# Fall Intelligence Report - 2001

From the Persian Gulf War in 1990, U.N. trade sanctions against Iraq have caused the deaths of over 750,000 children and God alone knows how many adults, all to please our Israeli allies, and punish a country that was once our ally and that President George

Bush, Sr., *stabbed in the back* on pressure from the Zionists. Now the hero of that *turkey shoot*, Gen. Colin Powell has been appointed as our Secretary of State, and immediately let it be known that he wanted America's military forces to remain overseas as United Nations police. (This when we cannot, or will not defend our own borders.) Reliable sources say that Powell sees no danger from over a million Red Chinese troops, with their heavy equipment that is now in Panama and Mexico.

The educational branch of the U.N. (*United Nations, Educational, Scientific and Cultural Organization, U.N.E.S.C.O.*) states that "world teaching must be humanist, i.e. atheist!" It says: "We deplore the division of humankind on nationalistic grounds. The best option is to transcend the limits of National sovereignty and move towards the birth of a World Community. Thus we look to the development of a system of World Law and World Order, based on a Trans-national Federal Government."

Thus through sheer trickery, the U.N. has become a *velvet glove, encased in fist of steel*.

In the Korean War, the Communists ruthlessly murdered over 5,000 American servicemen, as defenseless prisoners of war, yet the U.N. General Assembly refused to even condemn these atrocities.

In 1960, U.N. forces launched an incredible attack against the people of Katanga, in South Africa, whose only crime was that they wanted to remain independent and free. The U.N. was the source of this attack against a tiny nation who did not adhere to U.N. decrees. In later years, senior U.N. personnel who took part in the massacre, have boasted how under the guise of being peacemakers, they crushed Katanga.

So you White Israelites in the nations of Christendom that are still relatively free, be under no illusion. They will attack you, if you refuse to live under the tyranny of their totalitarian One World Government.

The *traitors* in our government and sometimes in our churches have been selling America into the hands of ruthless murderers who are wrapped up in their slogan: "*We will destroy White Christian civilization!*" and you better believe it! They are well on their way of accomplishing this goal, aided by the apathy of those of us who go by the name of Christian.

The U.N. has been the heathen organization used by *traitors* in America, to sell decent Christians into One World slavery, while they tell us we no longer have the Common Rights, given to us by God Himself, and we no longer have the protection once given by our Constitution.

# Fall Intelligence Report - 2001

The *traitors* in our government, in education and sometimes in the church, have been actively subsidizing our enemy, which is *treason* according to article III, Section 3 of our

Constitution, which defines *treason* as "adhering to our enemies; giving them aid and comfort." If subsidizing their treason with billions of dollars in aid, is not "giving them aid and comfort," then I no longer understand the English language.

The Australian Government has given billions of dollars in military aid to Indonesia, which is terribly overcrowded, and covets the vast land areas of the Under-Continent. At the same time, in accordance with U.N. directives, their government is actively disarming the Aussies, so they will be unable to resist an Indonesian invasion.

The U.S. under *traitors* like Bill Clinton "sold us out" to Red China, until we are virtually defenseless, so has gone our Israelite brothers in Australia.

When we become involved in the big war brewing in the Middle East, will be a perfect time for the Gog-Magog Alliance of Russia; Red China; North Korea; Cuba and very possible Mexico and their allies, to attack us, and we are not in a position to defend this hemisphere. Four of our top divisions, once stationed in Europe, are now in the Middle East area, while we have only two divisions to defend this country. I see the present shaping up of events worldwide, as the forerunner for the Ezekiel 37-38 invasion and George Washington's Valley Forge Vision.

Our *nukes* will be virtually useless, unless we are willing to engage in a *war of mutual destruction*, and lose possibly 100 million people. China could lose twice that and survive, we can't!

We have trained our enemy on how to kill our people, and have provided them with the means to do it. We have allowed huge numbers of potential enemies to illegally enter our country and subsidized them. Many of us, who call ourselves Christian, have flouted God's Law, and gone our own stubborn way. The Day of Reckoning is coming due, and where shall we go for refuge?

Once again, we must fall back on the only *Formula* God has given us for *Survival*, 2 Chronicles 7:14. Yet some of us, according to Isaiah 59:1,2 do not qualify to ask Him for forgiveness and protection. What must we do? It is time for *soul searching*, to see if we are in a position where the King can and will save us. We must give His promise more than the mere *lip service*, it has been receiving from Christians.

# Fall Intelligence Report - 2001

## Sold Out to Our Enemies!

Today our American nation is subject to a sneak attack by our enemies that will make the *Day of Infamy* on December 7, 1941, look like a Sunday school picnic by comparison.

Three years ago, the *CHINA OCEAN SHIPPING COMPANY (COSCO)* signed a back room deal with then President Clinton, allowing them to take control of the Long Beach Naval Station in Southern California.

Enough outrage was generated by concerned Americans that the *butchers of Beijing*, even with Clinton's blessing were not able to take over this strategic base.

With strong support from Senator James Inhofe, and Congressman Dana Hunter, special legislation was passed to bar COSCO from taking over the California Naval Base, which would have given the Communists a base for espionage and smuggling on American soil. (They have already been found guilty of providing thousands of AK-47, automatic rifles to Los Angeles Drug gangs.)

Now once again, without firing a shot, the Communist Reds are again trying to obtain this foothold on American soil. (They already control Panama and the Panama Canal.)

The *UNITED STATES INTELLIGENCE COUNCIL*, headed by Dr. Roger Canfield, is now fielding a "Protect our Ports", petition to Congress. For further information write: P.O. Box 919, Fredrick, MD 21705 or call (801) 640-3466. There is no time to lose on this so act now!

## Stop United Nations Funds!

The enemy of world peace, freedom and Christianity has shown their true colors, and their hatred for the U.S. and everything we stand for as a free, Christian people.

Recently in one week's time, the U.N. successfully kicked U.S. Representatives off the Human Rights Commission and the U.N. Narcotics Control Board. There is strong evidence available that Red China and the Socialist Union of Europe have united to humiliate the U.S. in any way possible.

# Fall Intelligence Report - 2001

When Congressman Roscoe Bartlett and Dana Rohrbacher tried to issue an Amendment to the U.N. Appropriations Bill, they were blocked – believe it or not – by so-called conservative House Republican leadership.

These amendments would have blocked any further U.S. payments on the debt of U.N. says we owe them. Bartlett simply asked for accounting for the funds the U.S. has spent on U.N. peacekeeping operations, which amounts to billions of dollars, never repaid by the U.N. This amendment was killed by top Republican leadership actions.

The only thing Congress passed relative to the U.N. was an extremely weak threat to stop all U.N. payments in 2002.

Now is the time to contact your Congressmen and let them know how you feel about this continuing *treason*. Now is the time for us to renew the old slogan: "*GET US OUT OF THE U.N.; AND THE U.N. OUT OF THE U.S.!*"

Wishing you God's best for the uncertain days ahead, and always *remember to keep looking up!* (Luke 21:28).

Your brother and servant in the King's business,

*Jack Mohr* Hopefully, God willing, there will be a supplementary Intelligence Report on the terrorist attack late this month.
