“Old Testament” Feasts Celebrated by the Majority in Europe

This is the good news of the Kingdom! Everyone in Europe loves it when the various festivals of our God Jesus prescribed for us when He gave us His word which some wrongfully call the “old testament”. Jesus and all the so called “new testament” told everyone to continue to keep these festivals that are called “for ever” countless times when they are shown. They are called God’s appointed times, not ours to pick and choose. For a brief outline of the feasts of YAHWEH see Leviticus chapter 23.

Europe loves it when these Christian OLD TESTAMENT feasts come up every year! As most of Europe counts these as mandatory national holidays, and all business is closed. Most is only celebrating the New Testament fulfillment of that feast, such as Pentecost, Tabernacles or Passover when God did major things on these days in the New Testament. In many ways the nations of Europe are following God’s feasts even better than they do in Jerusalem Israel. While in Jerusalem some shops are allowed to be open, in most European states it is forbidden! It is not of a relaxed policy for the nations of true Israel.

Pentecost, Passover, Trumpets and Tabernacles are all celebrated in one way or another through out the Christian nations of Europe. One portion of Christendom may place more emphasis on one than another, for example the Dutch reformed typically have bigger 4 day celebrations for Pentecost, and the Anglican have a bigger celebration for Tabernacles. However they all have a season of taking off work , and huge festivals during these times of the year, whether it be a month long carnival or Oktoberfest, there will be massive festivities , as God had us to do at these same times of the year, to spend 10% of our annual income at tabernacles on the festival resort area on “whatsoever our soul lusteth after, whether it be wine, strong drink, sheep or oxen, that ye may eat, drink and rejoice with your household before YAHWEH” (Deut 14:26).

Growing Campaign to Abolish Central Bank Credit Fraud

As Greece has already burned down over 20 banks within the last year, as Spain, Portugal and Ireland begin to also feel the crisis of this unjust money system of the beast, and as Americans reach record numbers of unemployed, we know as the money system, we find that our people must be leaders as “Peace Ambassadors”.

Perhaps the way we will be peacemakers is we must drive the modern money changers out with a whip, so that this chaos does not continue to get worse. In Revelation it says “deal to Babylon double what she has done to us”. That is the political, economic and religious system of the beast, which is entirely fuelled by this “stealing” called a central bank credit we all must pay with interest! The fraudulent credit money system fuels all evil in the world, and all the wars. If the evil who run the world with this fake credit money were stripped of it, and forced back to just weights and measures of the scripture, then we would see peace.

Ron Paul made this his entire campaign platform, the shutdown of the Private, unlawful, non-“Federal Reserve” central banking cartel and to send our troops home from 100 countries worldwide. This made him become America’s most popular politician before the media blitz for Obama, McCain and Hillary, to drown him out, and they gave him a total media blackout. Even with the media blackout, Ron Paul still broke numerous fundraising records, all without any big company sponsors. We’re talking about true pure grassroots, unlike anything McCain or Obama could imagine, and all in the forms of small donations. All statistics show he was by far the most popular among the people. Ron Paul made it his platform to end the credit fraud, to abolish the federal reserve system and the income tax which currently goes 100% to pay only interest on what we all owe the federal reserve for letting them illegally coin our money through this Central Bank Credit Fraud, forcing us into their wars etc.

With the launch of the film “Robin Hood” this theme was catapulted as political parties around the world were being bombarded by this popular theme to rescue their nations, as heroes, doing what Robin Hood did, to end the life line of evil. So well was this that the film premiers were loaded with these tea party activists distributing flyers (as below) in the film premiers and at subsequent viewings, and at the political campaigns around the world! We all must warn our governments to come back go a local and just currency before being tied globally to a massive interest and credit system kills us all and God punishes us until we repent. This was covered in detail, the evils of not having “Just Weights and Measures”, or the “abomination” of using a scant measure as it says in the word of God, which is only used for war. A new slogan has been formed “No Money No Blood”. Write us if you’d like high quality copies of these flyers to spread around. Spread it far and wide!
